

LEADS STEP: EARN TRUST

The Quarterly Integrity Review

Once a quarter, a leadership team compares what the team practices with what the team says. Amos spoke to a people who worshiped well and treated others badly. This review looks for the same gap (Amos 5:21–24).

1

Word and action

Where did what we said this quarter differ from what we did?

2

Money and resources

Would our spending make sense to the people we serve if they saw every line?

3

Authority

Where was authority used for the leader's comfort and not for the team's good?

4

The overlooked

Who on the team, or in the community, is being stepped over (Amos 2:7)?
